P & C NEWS

Help your child succeed at school by becoming a parent who participates in their education. Getting involved is one of the most significant ways you can help your child enjoy school and perform better. Research shows that when parents participate at school, the school also improve. So show your child, and his teachers, that their school life is important by making it part of your life as well.

You may ask, how can I participate? Well, there are a range of activities that you can participate.

a) Sports coaching and support
b) Classroom assistance – Assisting a teacher in the classroom.
c) Subjects Talks – what are your area of expertise or interest? Share your knowledge and expertise with the children of the school.
d) Fund Raising activities – Encourage and assist your child in fund raising activities. Not just do it for them.

When can you start? How about NOW? If you want to find out how you can play an active part YOUR CHILD school’s life. Please do not hesitate to contact myself on jasonchan9907@gmail.com.

We are in the process of compiling an Expertise Database. The School will line up your area of expertise to the current curriculum and may ask you in to speak to the children on your area of expertise.

Please email your area of interest or expertise to Ryde Public School: ryde-p.school@det.nsw.edu.au with the subject title: Expertise Database.

We look forward to meeting and working with you.

Regards
